

# Multiplication up to 20 Domino

## The object of the game

To attach all the domino pieces according to sequence.

## Number of players

2-4

## Directions

- \* Shuffle the cards.
- \* Divide the cards equally amongst all of the players.
- \* Commence playing in a clockwise direction.
- \* The player who has the opening card in his possession (the card that has beginning written on it) places the card on the table.
- \* The next player must place the card with the solution to the previous card on the table.
- \* If a player does not have the appropriate card, the turn is passed on to the next player in line.

## The end of the game

The game ends when all the cards have been placed in sequence on the table.

## The winner

The first player to finish all of his cards is the winner.
