

Track game - Decimal addition and subtraction

Object of the game

The object of the game is to get to the end of the track.

Number of players

2-4

Equipment

Track board

Cards

Playing pieces (according to the number of players)

Directions

- * Place the playing pieces on the starting point.
- * The first player takes a card from the bank, solves the exercise and proceeds with his playing piece to the closest appropriate solution on the track board.
- * Take turns, and continue in this way until you reach the end of the track.

The end of the game

The game ends when all the playing pieces have reached the end of the track.

The winner

The winner is the first player to reach the end of the track.
